<b>Producer Education</b>			
<b>Animal Welfare</b>			
<b>Title</b>	<b>Number</b>	<b>Description</b>	<b>Price</b>
Animal Handling for Pork Producers	785-04	This brochure provides descriptions of animal behavior to help individuals develop proper handling and management techniques. Topics include natural instincts to escape, follow each other and ease of becoming frightened. Flight zone and point of balance are depicted, plus key points on moving livestock. Identifying and dealing with fatigued hogs, plus basics of facilities and equipment are included. Available in English and Spanish.	\$0.00
On Farm Euthanasia of Swine-Options for the Producer	783-05	It's inevitable that in every swine production system, animals will become ill or injured in such a way that euthanasia will be necessary. Since it is usually impossible or impractical for the veterinarian to be available for all on-farm euthanasia, producers themselves often need to perform humane euthanasia of pigs. A supplemental training USB drive is available upon request.	\$0.00
<b>Antibiotic Usage</b>			
<b>Title</b>	<b>Number</b>	<b>Description</b>	<b>Price</b>
Minimizing the use of Antibiotics	761-04	An infographic poster that covers antibiotic use programs, health issues, production systems, basic management skills, etc. <b>Click link below to access and download PDF.</b> <a href="#">Responsible Antibiotic Use</a>	\$0.00
